CONTEMPLATION

Remember that in body thine a God is dwelling there;
Thy Temple from pollution free let is forever be.
Offend thou not thy God in thee, indulging in man's lusts;
Moreover if tormenting self thou groanest foolishly.
God has descended just to see the world with eyes thine,
Then breathe on Him with senses pure, the Breath of Sacrifice.
It's He in thee, that sees, feels, thinks, and speaks by day and night.
Be thus in all thou dost see, feel, think, speak—divinely bright.

Inquisition Hounds vs. Bill of Rights

Arthur (the Voice) Bell Upheld By U. S. Supreme Court

FBI CRIMINALS CAN BE SUED IN FEDERAL COURTS

WASHINGTON, D. C.,— The Supreme court upheld the right of 12 defendants in a California sedition case to sue 38 FBI agents for more than a million dollars' damages in federal court on charges of illegal arrest, search, and seizure.

The 6 to 2 ruling set a precedent, the high court noting that it never before had decided the question of federal jurisdiction for such damage suits. Its effect on other so-called sedition cases may be wide-spread.

The opinion, read by Justice Black, reversed a Circuit Court of Appeals judgment denying federal jurisdiction and ordered a federal District Court to proceed with hearing of the suits against the government agents.

STONE AND BURTON DISSENT

Justices Reed, Frankfurter, Douglas, Murphy, and Ruthledge concurred with Black. Chief Justice Stone and Justice Burton dissented. Justice Jackson took no part in the decision.

The petitioners are Arthur L. Bell and 11 men and women, members of a California organization known as "Mankind United." After an FBI inquiry, they were indicted secretly Dec. 17, 1942, on charges of conspiracy to commit sedition. The 12 were rounded up the following day in their homes in San Francisco, Oakland, and other California cities.

The defendants charged they were arrested without warrants and that their papers, records, and documents were seized in violation of the fourth and fifth amendments to the Constitution, which state that no one's premises and possessions are to be subjected to unreasonable search nor may he be deprived of his liberty without due process of law.

CHARGES $8,500 TAKEN

Bell charged that $8,500 in cash was taken from his home. The prisoners also said they were deprived of consultation with attorneys.

Their suits in federal court for damages aggregating more than a million dollars followed.

The federal agents sought to escape responsibility by asserting that the federal courts had no jurisdiction.

The district judge upheld this contention and the Circuit Court of Appeals affirmed on the same ground, maintaining the Constitution does not expressly provide for recovery in money damages for violations of the fourth and fifth amendments.

COURT REVERSES RULINGS

Reversing these rulings, the Supreme Court did not rule upon the merits of the petitioners' damage suits but commented:

"The Circuit Court of Appeals correctly stated that 'the complaint states strong cases, and if the allegations have any foundation in truth the plaintiffs' legal rights have been ruthlessly violated.'

" . . . It is established practice for this court to sustain the jurisdiction of federal courts to issue injunctions to protect rights safeguarded by the Constitution. . . . It has been the rule from the beginning that courts will be alert to adjust their remedies so as to grant the necessary relief. . . Where legal rights have been invaded federal courts may use any available remedy to make good the wrong done."

Dissenting, Chief Justice Stone and Justice Burton declared the effect of the majority ruling was "to transfer to the federal court the trial of allegations of trespass to person and property, which is a cause of action arising wholly under state law."

UNITED STATES LAWS ON CONSPIRACY

If two or more persons **conspire to injure, oppress, threaten or intimidate any citizen** in the free exercises or enjoyment of any right or privilege secured to him by the Constitution or laws of the United States, or because of his so **having exercised the same** . . . they shall be fined not more than **$5,000** and **imprisoned** not more than **ten years,** and shall, moreover, thereafter be **ineligible to any office**, or place of honor, profit or trust created by the Constitution or laws of the United States." (From Section 19, U. S. Criminal Code—18 USC 51—titled "Conspiracy to Injure Persons in the Exercise of Civil Rights").

"Any person who, under color of any statute, ordinance, regulation, custom or usage of any state or territory, **subjects** or **causes to be subjected, any citizen of the United States** to the **deprivation of any rights,** privileges, or immunities **secured by the Consitution** and laws, **shall be liable to the party injured in any action at law or suit in equity** or other proceeding for redress." (Section 43, U.S.C.R.S. 1917).

Dear Mr. de Aryan:

No doubt you've seen the April issue of "Pageant" magazine, wherein you are featured.

A thought: the present political disorders are the result of lack of spirituality among the people. Jesus' direct approach to the individual ignores politics, the reflection of the disorder within men's hearts.

Many Savonarolas overlook this and generally fail.

For the certainty of the victory of Christ's idea is based on the fact that it needs no support which is based on values outside the hearts of men. Sincerely yours, — — C. E.

Winston Churchill more than once has identified that "control." His 1937 book GREAT CONTEMPORARIES p. 169 referring to what he called "the **most formidable sect** in the world" responsible for take-over of Russia, describes how said "control" operates: "The citadel will be stormed under the banners of Liberty and **Democracy;** and once the apparatus of power is in the hands of the **Brotherhood,** all opposition, all contrary opinions must be extinguished by death. **Democracy** is but a tool to be used and afterwards broken. Liberty but a sentimental folly unworthy of the logician. The **absolute rule** of a **self-chosen** (CBH-rarely dare for test at polls) priesthood according to dogmas it has learned by rote is to be **imposed upon mankind** without mitigation **proggressively** forever."

Mr. Smith Goes to St. Louis

ST. LOUIS (Special)—Two large successful meetings have just been held in the Kiel Auditorium here addressed by the Rev. Gerald L. K. Smith and other exponents of America FIRST.

As usual there was violent opposition organized by the Communists and Jews. A variation in their methods ocurred when, before one of the meetings, with only a comparatively few of the audience present, a gang of the Jew hoodlums invaded the hall, made their way to the stage commandeered the microphone and announced they were going to take over the meeting. The police were notified and the rioters were ejected.

While awaiting the arrival of the police Mr. Lobeck, one of Mr. Smith's assistants began to read from the Bible whereupon several of the Jews yelled: "Stop reading from that Goddamned book."

McClanahan Reply Ordered

LOS ANGELES,—Ex-Councilman Meade McClanahan was ordered to disclose whether he once spent nine months in jail for falsifying a farm loan application.

Superior Judge Henry M. Willis made the order at the request of Attorney Clore Warne, representing the defendants in McClanahan's $200,000 defamation suit against sponsors of the recent recall election.

Continuation of a deposition hearing in Warne's offices was set for April 24. The hearing had been suspended after McClanahan refused to say whether he was convicted, fined $500, and sent to a county jail in Indianapolis, Ind., in 1926.

A new campaign has been organized to imprison Father Charles E. Coughlin. Left-wingers, hysterical Jews and Communists fear his possible return to the radio.

Jew Presides at World League's Last Session

GENEVA,—President Carl J. Hambro, of Norway, convened the opening session of the 21st and last League of Nations assembly with an eulogy to five Allied war leaders.

Hambro told the assembled delegates that they were meeting to "add some bricks and straw to the building of the wall of security" whose construction was begun by the Allied leaders.

"We meet not to terminate what activities are carried out from this center, but to transfuse into a new body all the enduring assets, oral and material, the accumulated imponderable experience of 25 years."

Paying tribute to the United Nations, he said the league was holding its last meeting "in hope because we have already seen the better idea embodied which has sprung from the seeds of our endeavours."

Sanhedrin Potentate Holds Key-position

Selection of Bernard M. Baruch as United States representative on the UNO Atomic Energy Commission has been welcomed by many Americans with heartfelt relief. This man, now 75 years old, has rendered his country immeasurable services in the course of two world wars. An ardent patriot who certainly has no intention of weakening the defense of the United States, Baruch is also the very symbol of common sense. He has surrounded himself with a group of associates who are likewise known for their clarity of thought and freedom from prejudices.

To foreign observers, there is **no doubt that Mr. Baruch has been given the key position in American international politics.**

Bronx and the UNO

The Bronx is a heavily Jewish-populated section of New York and now it is having its revenge. **Often jeered at, it can now claim to be the capital of the world.**

Jews, it seems, are always right in the heart of things. Whether this is due to the fact that Jews have a natural tendency to settle where things are lively or whether they become lively because Jews are there, is hard to say. The answer seems to be a little of both. Jews generally go to a place which is filled with activity, for such a place is generally more tolerant, more receptive to Jewish settlement. At the same time, Jews themselves are a dynamic people and tend to energize an environment.

So the location of UNO's capital in the Bronx is not accidental. Anyway, the Bronx is pleased—though it is entirely modest about the location of UNO in its environs.

A Message From Hell on Earth

STOP! LOOK! LISTEN!

"Awaken Thou That Sleepest"

Dear Fellow Citizens:

We, the 600,000 unfortunate inmates of the Mental Hospitals thruout the Nation, appeal to YOU for help! Many of us have been kidnapped and railroaded into these HELL-HOLES without a trial or hearing! We are NOT permitted to communicate with the outside world. We are being slugged, beaten, choked, starved, dressed in rags, (sick or well!) forced to work without pay; severely punished if we refuse; and many, many needlessly tortured and brutally murdered!

Listen to our call. AROUSE YOURSELVES! Help us awaken the rest of the world. Think seriously of our terrible plight. **Will YOU sit idly by and allow us to be tortured and murdered?**

REMEMBER! We are pleading in the name of MERCY! We CANNOT and DARE NOT speak for ourselves. For further details, write to: Samuel Friedman, Director, American Equity Association, 1346 Fairmount Street, N. W., Washington 9, D. C .

HABEAS CORPUS HEARING FOR MERTIG

Dear Mr. de Aryan:

When the habeas corpus hearing for Mertig was up on last Thursday, Mertig and Elmhurst were there handcuffed. What a shame for this country. A political prisoner never was chained in Germany. Only murderers and robbers. Best regards, EUGEN BRAND.

Memorandum In Re Habeas Corpus For Kurt Mertig And Ernest Elmhurst

Habeas Corpus is an imperative remedy for the release of a person illegally restrained of his liberty (Section 1230 Code Criminal Procedure). The law is so emphatic that it prescribes a penalty for a judge who fails to grant it without delay whenever a petition is presented. (Section 1235) In fact, under Section 1241, a Supreme Court Judge must issue a writ of his own volition where he has evidence that any person is illegally imprisoned or restrained of his liberty.

While a Writ does not take the place of an appeal, an explanatory note under Section 1230 says:

"Where a writ is sued out on the basis of a holding by another court, the only question which may be reviewed is whether the other court had jurisdiction to make the order of commitment." (cases cited)

The Information filed in Special Sessions Court, Queens County where these two defendants Mertig and Elmhurst and a third defendant, were tried, convicted and sentenced, does not charge the crime of "Unlawful Assembly" prescribed in section 2092, subdivision 3, Penal Law, for a claimed violation of which they were convicted.

The court therefore was without jurisdiction to try these defendants on this charge and without legal authority to convict, sentence and commit them.

The purpose of Section 2092 Penal Law is to prevent violence at gatherings of three or more persons, particularly during labor disputes. This section was cited by Justice Rodenbeck in 1920, in Rochester, N. Y., when he issued a temporary injunction against Sidney Hillman whose union declared a strike in that city (Michaels vs. Hillman, 111 Misc, 284)

There was no violence and no arrest made for "unlawful assembly" at any time during the meeting held in Queens' Village, Queens County, on the night of October 6, 1945, from 8 to 11:15 P. M., as a result of which these defendants were charged next day in the magistrate's court where one of them had gone as a spectator and the other as a complainant, with violating section 2092, subdivision 3, and held in $2,000 bail each. The third person was held in $5,000 bail.

If the assembly was "unlawful" every person who took part in it including eight speakers and about 200 spectators, should have been arrested on the spot. That is the purpose of the law, to prevent violence and damage to property.

The first part of the Information on which these persons are accused, merely repeats the verbiage of the law. The balance of the Information recites the distribution of literature. It is no violation of Section 2092 to distribute literature. The Federal and State Constitutions

guarantee that right. (Amendments 1 and 14 U. S. Constitution and Article 1, section 8, N. Y. State Constitution.)

Distributing anti-semitic or anti-Jewish literature is not a crime. The United States Supreme Court so decided in 1944 in the case of People vs. Hartzel, 322 U. S.; in Cantwell vs. Connecticut, 210 U. S. 296; and Judge Wallace in General Sessions so decided in People vs. Edmondson in 245 N. Y. Supp, 401. The same decision was reached in People vs. De Ceca, 29 N. Y. Supp 2nd, 524, and in many other recent cases.

Defendants Mertig and Elmhurst were illegally convicted, not only because the court had no jurisdiction, but because the court ignored the exclusion clause in the law which says:

"The law shall not be so construed as to prevent the peaceable assembling of persons for lawful purposes of protest or petition".

The purpose of the meeting as shown in Prosecutors' Exhibit 1, was for lawful purpose of protest, by the so-called Nationalist Party.

The purpose of the exclusion clause in the law is to protect free speech. The Special Sessions Court deprived these persons Mertig and Elmhurst, of this constitutional right as well as of their liberty in depriving them of their right of free spech.

The law was applied against them in defiance of the exclusion clause and in spite of the fact that the Information charges no crime under the law.

The trial, conviction, sentence & commitment of Petitioners Mertig and Elmhurst, are illegal and this court should order their release from custody without delay.

Respectfully submitted
HENRY H. KLEIN,
Attorney for Mertig & Elmhurst.

Is Arthur (The Voice) Bell A Swindler ?

Dear Kosti:

You do not seem to realize that there are 3 angles to our matters. The Rebels don't care anything about the State's fight. They want truth, Honesty, Americanism: Christianity as promised them, and which they are not getting.

CHESTER.

CONTRACTUAL OBLIGATIONS WORK BOTH WAYS

Dear Chester:

I am fully aware of the triangle situation in the MANKIND UNITED and "Christ's Church of the Golden Rule" situation, both involving Arthur Bell as the power behind the scenes. I am so keenly aware of it, that I am most careful not to add to the troubles of the many investors in this enterprise instead of helping them out of the mess in which they find themselves.

As I see it, Bell, a man with a vision of saving the waste inherent in strife and opposition, decided to organize those who would follow his voice into a harmonious unit that would execute one well-figured-out program and thus play into each others hands instead of wasting their lives and energies in dispute and destruction of one another's labors. The result of it was what he termed "Mankind United". On the face of it this organization was primarily an economic engineering feat for the purpose of improving the material wealth-status of every member. That was the plan, purpose and origin. Whether Bell succeeded to attract proper human material in its execution is another matter. As far as he personally is concerned the question arises, **did he at all times keep faith with the original purpose and carry on inspite of the defective human machinery?**

I would not dare undertake an organization as Bell did, because my experience with human kind would prevent me, but that does not prejudice me against any of the corporations and enterprises of small or large business which carry on through systematic organization of a secular or religious nature, be it commercial or political, for even the USA is a public corporation, as is every state and municipality.

If Bell felt the inner call to undertake such organization that is his business, mine is to see that the public corporation, the state, lives up to its purpose and does not crush Bell because he dares expose many of the criminal activities of the political machine that controls the public corporation. You must bear in mind that **you called me into this picture while you were the informant and main driving force supplying the State of California with the means of destroying Bell's corporation.**

Now you may protest till doomsday that you don't care anything about the State's fight.

As I view this rebellion within Bell's organization, he now is battling the **State as the enemy of his organization, on constitutional grounds,** and as far as I have been able to see the preponderance of RIGHT is on Bell's side and not on Robert Kenny's who undertook this prosecution on **political grounds when Bell crossed Kenny's bedfellows, the labor racketeers and the Jew-controlled Sanhedrin with its warmakers.**

In matters of this nature, where hundreds of small investors are about to be robbed of all their possessions thru an action of the State, I must first investigate the **emergency situation of those who are about to be destroyed by the State** before I can devote my time to the internal squabbles within the organization. If the organization is ruined, if hundreds of small investors lose their possessions, what good will it do to discover in the end that Bell was honest or dishonest?

One thing stands out so clearly and definitely that it cannot be denied by follower or rebel: **It was Bell's genius that produced a $4 million corporation** out of practically nothing. Separate Bell from the organization and the membership gets in return less than one tenth of its investment in goods and services.

After the corporation is salvaged from the political prosecution and the indigents it supports at present are insured for the remainder of their old days, it will be time to clean house within the corporation. But if the squabbles about honesty and Christianity take precedence and people like yourself, who pretend not to care anything about the State's fight, act as informers against the corporation they promised to serve, naturally, the assets will be dissipated first before any agreement could be reached on the ethical and moral aspects.

I have a letter you sent to Dr. A. Ray Lawn, Salinas, in June 4, 1939. In it you tear Bell and M.U. apart as a confidence racket.

In that state of mind, nevertheless, you joined the "Church of the Golden Rule". As far as I can see this "Church" can produce no more for you than what **you invest in it.** But you joined it **in bad faith, you had no faith in it,** and now you complain because you received **according to your faith,** as the Christ promises.

All covenants, especially those on mystic grounds, are reciprocal. Were you one of those who with complete devotion and faith in Bell's leadership obeyed his instructions and as result of such compliance found yourself betrayed by him, you would have standing in a court of justice. But when you joined his organization after what you wrote about Bell and M.U. to Dr. Lawn, I must frankly tell you that you acted against the best interests of the "Church" when, in the first instance you joined it in bad faith and second you brought Robert Kenny to file suit and rob the old and indigent members of their sustenance in their remaining days.

Bear in mind, **they did not complain, they never asked the help of the State.** From all my investigation so far, I may say that probably Bell did not succeed in getting the best assistance in supervisorial management, but as to bad faith, your own confessions and statements speak against you as a member of the Church.

Sincerely, KOSTI.

Ex-Secretary of War Stimson has now confessed that in conference with F.D.R. World War II was actually planned many days before Pearl Harbor. A campaign is on to get Stimson's complete diary which if published will be dynamite. Mr. Stimson admits that the Roosevelt Administration had planned to go to war to preserve the British Colonial system. He makes no bones about it. That was what Mr. Roosevelt wanted to do and what his advisors in the Cabinet told him he could do without risk of losing public support.

'M. U.' Wilcox vs. Gen. DeWitt

LOS ANGELES,— U. S. Atty. Charles H. Carr moved for summary judgment in favor of Lt. Gen. John L. DeWitt, former head of the western defense command, in a suit brought by Homer Glen Wilcox, of San Diego, for $35,000 damages because of his wartime removal from the Pacific coast under an army order.

Wilcox, San Diego manager for Mankind United, was under conviction with Arthur L. Bell, head of the organization, and others, on charges of sedition, and Carr contended the army had a right to expel Wilcox by force if necessary.

Carr further argued that a military leader is not liable for acts done under orders. Wilcox's attorney contended that Gen. DeWitt had no right to exclude non-military personnel from the west coast.

The amount of money being raised by left wing elements and certain Jews to prevent the re-election of Congressman John E. Rankin is unbelievable. His defeat is being taken more seriously by some people than all the remainder of the congressional fights combined.

America First Head Sentenced

CONTEMPT OF COURT CHARGED BY JUDGE

CHICAGO,—Gerald L. K. Smith, head of the America First party was sentenced by Municipal Judge John V. McCormick to serve 60 days in the county jail on charges of contempt of court.

Don Lohbeck, Detroit, an editor of a Smith-sponsored publication, who was convicted of contempt of court jointly with Smith, was given until Friday, April 12 to appear. Lohbeck was not in court, but Maximilian St. George, his attorney, told McCormick Lohbeck's wife was expecting a baby and he wanted to remain with her.

Smith and Lohbeck were cited for contempt for distributing in McCormick's courtroom press releases dealing with the trial of Arthur W. Terminiello on disorderly conduct charges. The court was not in session at the time.

Terminiello, a suspended Roman Catholic priest of Birmingham, Ala., was convicted later by a jury of disorderly conduct, the charge arising from a tumultous Smith rally Feb. 7.

McCormick overruled Terminiello's appeal for a new trial and said the priest was fined $100 and costs. Terminiello was not in court. Smith was given a stay of 30 days and bond fixed at $2500. His attorney said he will appeal.

More Chicago "Justice"

By ELLIS O. JONES

CHICAGO (Special),—Readers of The Broom are already familiar with the riot and destruction staged by the Jews and Communists at a meeting here, Feb. 7, addressed by Rev. G. L. K. Smith, Father Arthur Terminiello and Frederick Kister, head of the "Christian Veterans of America", after which the few rioters who were arrested were then released by Judge Quilici who has a long red record. They also know that warrants were then sworn out for the three speakers on flimsy charges summing up to "disorderly conduct." These three speakers were scheduled to be tried separately. The first of these trials has just been held with Father Terminiello the defendant. The technical charge was that he violated a city ordinance by "creating a diversion tending to a breach of the peace." This is one of those laws under which a corrupt inquisitorial administration can charge an enemy with almost anything and get away with it. It is comparable to the law under which the "seditionists" were tried, charged, not with committing specific acts that could be proved to have been committed, but with doing certain things with "intent" to do something else—in that case intent to undermine the "morale of the armed forces", whatever that means. It is comparable to the outrageous law under which Mertig, Elmhurst and Maertz were framed and railroaded to jail in New York.

So far they have got away with it in Chicago. Father Terminiello was convicted and fined $100. This fine was set by the jury taken from a panel that had been carefully selected in advance by the machine in power in Chicago. The prosecution was conducted by two assistants to the Corporation Counsel, a Greek Jew named Pantelis and another Jew named Iseberg. The judge, named McCormick, has a red record, chiefly as prominently connected with the Lawyers' Guild which has become notorious from coast to coast as a Jew-controlled Communist front organization. The fake "liberal" Atty. Gen. Kenny of California, is president of it. Throughout the trial the judge showed marked bias in his ruling against Terminiello and still more so in his instructions to the jury.

Since the trial closed McCormick admitted that he has "acquired" an attitude of prejudice against the defendants Smith et al, and their "ideologies." For this reason he has voluntarily disqualified himself from participating in the remaining cases. The truth of the matter is that he was prejudiced from the beginning and the cases were assigned to his court for that reason. He decided to get out, however, because the defense, as in the "sedition" case was too vigorous, too logical, too rational, too firmly founded upon simple anl inescapable truths and too deeply imbeded in the traditional fundamental principles of American liberty and justice as so clearly expounded by our forefathers in the Constitution and the Declaration of Independence. These judges had to be shown up in their skulduggery.

Many of the spectators who followed the Terminiello trial thru from beginning to end were heard to comment that there should be laws to prevent such outrages. This, however, is a misconception of what has really happened in this and other similar cases. These scandalous travesties upon justice were not according to the statutes, but in subversion thereof. Terminiello was acting entirely within his constitutional rights in commenting vigorously in public upon current official practices which seemed to him evil. The law required that he should have been amply protected in that right. If the police were incapable of coping with a crowd of murderous destructive rioters, then even the militia should have been called in to quell them. That is the law.

And how about our time-honored laws in every community against destruction of property and assault of citizens on their way to peaceful assembly? What could be plainer or more fundamental than those? Yet the judge dismissed these rioters cum laude.

No, it is not more laws that we need, but more decent and upright administrators of the laws which are already on the books, more decent judges who would be proud to rise above the dictates of corrupt political machines.

And so Terminiello has been fined $100. This he will probably never have to pay as the case will be carried to the U. S. Supreme Court on constitutional grounds and it is inconceivable that this court can do otherwise than reverse the conviction, as the ordinance in question is undoubtedly unconstitutional.

In the meantime, however, all the patriots will be put to great trouble and expense, and to that extent the Jews win a temporary victory, and those who contact the inner circles of the Jews these days know that they are far from happy at the present trend of events. They know that the general public is getting wise to their nefarious tactics and that the truth is bound to catch up with them before long.

On the other hand, if there are not enough sincere fighting patriots in this country to come forward with time and money to carry these cases thru to a final glorious conquest and blessed release from international Jewish domination, then we are indeed in a bad way.

Due to their recognition of the essential weakness of their case against Terminiello, the prosecution required seven weeks to arrange their puppet show in preparation for it. They have now schemed to gain another month in the preparation of the remaining two cases against Smith and Kister respectively, and it is likely that they will try to have them quietly forgotten. This is certainly true so far as many of the wiser heads in the government are concerned, but there is a fanatical uncompromising clique led by the vicious J. I. Fishbein, editor of the Jewish Sentinel, and his me-too stooge, Ira Latimer, head of the Civil Liberties Committee, who are resolved to go on and on with a process which will probably eventuate in their own destruction.

In other words, the conviction of Terminiello in this foul high-handed manner is, under the circumstances, probably the best thing that could have happened for the cause of AMERICA FIRST.

DISGRACE

Over the week-end American and British soldiers raided private homes in 200 German towns and arrested something like a thousand persons, many of them women and girls. This operation was undertaken in the belief that there has been a revival of nazi activities, particularly among young people. Most of the prisoners, it appears, were taken on suspicion and will be released after questioning.

Presumably, this sort of thing is accepted as normal by the British public. That is the way the Black and Tans behaved in Ireland; it is the way the British constabulary behaves in Palestine; it is the usual method of terrorizing a population into acceptance of alien rule.

The American public isn't used to these tactics, which are foreign to every political principle and tradition we hold dear. Americans do not believe in mass arrests on suspicion. They do not believe in ordering soldiers to invade private homes to arrest girls. They regard this kind of thing with the abhorrence it deserves.

Our military policy in Germany is a disgrace to the nation. For the first time in our history American generals have been guilty of deliberate, planned, and authorized abuse of civilians and for the first time in our history we have produced a crop of generals whose names will live in infamy for these deeds. The reports from Germany contain a better argument than any yet put forward against extending the draft. Congress surely should not take boys out of school to brutalize them in these dragonnades at the expense of helpless civilians.

Our humanitarian administration in Washington seems determined to persuade the Germans to put the Nazis back in power at the first opportunity. As we have adopted the nazi technique of midnight raids and mass raids, the Germans may be pardoned for thinking that there is no other way of governing a nation, and that all our protest against nazi brutality was so much empty oratory.

At the same time, our economic policy, dictated from Washington, is calculated to prove to the Germans that everything Hitler told them about the rapacity of their enemies was true. Americans who may have supposed that the Morgenthau plan was being softened now know it is the official plan. There has been no retreat from Potsdam. Any hope that there might be one was dismissed last week when the allied control commission announced further cut-backs in Germany's industrial plant.

Germany is to have a cabbage economy. As a market for raw materials and as a workshop for processing them, Germany is to disappear from the economic geographies. Europe is desperately in need of steel and machine tools but German steel production is to be reduced

to 39 percent of pre-war capacity and the machine tool industry is to be reduced to 12 per cent of its former output. All this is put forward in the name of prevention of aggressive war. It will serve equally, however, to remove an important competitor of Britain, France, and the United States in world markets. Likewise, it will cripple Europe's economy and thus guarantee the continuance of misery and unrest, not only in Germany, but thruout the continent for the indefinite future.

German industry is being cut to pieces at a time when the world needs industrial goods in unlimited quantities, and at a time when millions of persons are being driven into Germany from their homes in neighboring countries. This is what passes for intelligent statesmanship and sound military policy in the year of Grace, 1946. —Chicago Tribune..

Editor's Note: The Chicago Tribune failed to point out that American Generals in Germany are at the mercy of the Jewish vermin, superimposed by the camarilla of the White House as "political advisors", the way the politburo Kommissars dominate the Russian army. The Chicago Tribune, too, has too many Jewish editorial managers who conceal the essentials when ordered to write an editorial on certain matters.

Jews Subvert US Rule

My Dear Mr. de Aryan:

According to information gathered from various sources, about 80,000 so-called Instructors, Enlighteners, Teachers, Investigators or what have you were sent into Germany by our State Dept. and were turned loose upon the thirty percent of Germany, left to us for teaching Democracy and Truman's famous TEN POINTS.

Practically all of this 'Elite-Guard' of Enlighteners were of **Jewish** faith, many of them refugees.

Not satisfied with the ceaseless effort of our Moscow-Fellow-travellers over here—in whose ranks you find exactly the same kind of bedfellows—our state department deems it opportune to export these same Moscow-fellow-travellers to Europe for the obvious reason to prepare the ground in Central and Western Europe for it's speedy delivery into the Orbit of the Kremlin-Marxian-Intelligentsia-Clique.

As matters stand to-day, we can no more afford to contine with our political dingle-dangling.

Either we do the necessary: get rid of every bolshevistic contamination wherever we find it within our Western Sphere—**or** the moment approaches rapidly when Bolshevism takes over and when we can write 'FINIS' under our entire Western Culture.

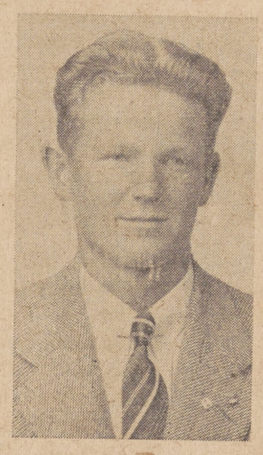
The Kingdom of God, First

San Diego, April 1, 1946

Dear Mrs. Pfeister:

This letter is intended to help both of us.

Yesterday, you spoke to me concerning the gender of Mazda, showing by the song book that it was not supposed to be masculine, but neuter gender. I understand your point, since man and woman must come from the union of man and woman, and that in order for both sexes to come from the same source, it is necessary that this ultimate source embody both sexes. Technically then, Mazda cannot be even neuter, since neuter means no sex at all; Mazda must be something embracing both sexes.



FRED de ARYAN

It has been traditional, though, to refer to the source of our being in God or Mazda, as the Father, and does not in actuality means that Mazda must be masculine; it is merely a tradition, since we have no word in the English language meaning both sexes simultaneously to their full degree. Remember also in one of our Mazdaznan prayers, "Our Father, who art in Peace, Intoned be Thy Name . . . . "

It does not seem that you really grasped the points in my father's speech, which, I believe, helped many others present. It seems to me that you have selected an obscure point of contention unaware of the truths which he revealed. There were many others there besides you, and they benefited from the delivery, and I think it would be well worth your while to discuss some of the points with others, other than the negative one which you brought out.

When riding to the party, you mentioned that you thot I had no business conducting the meeting at the temple. I wish you would come right out and tell me so instead of talking about it to others, so that we hear both sides of the matter fully.

You and I both know that dairy products and barnyard stuff is unfit for real human beings, and yet I was the only one of the bunch there at the temple who came out and told everyone why they were unfit so that all might benefit. Relatively unaccustomed as some of our students are to the ritual and exercises, some of them have gone farther with the real Mazdaznan principles in the face of all sorts of adverse conditions than many of the older members who should know better by now. Is it improper that **we should bring out** Mazdaznan principles if the others fail to do so? All the singing, breathing and ritual in the world isn't going to make a person attain perfection, until first he submits himself wholeheartedly, both consciously and subconsciously, to the Kingdom of God within himself: this is the essence of my father's speech yesterday, which you apparently failed to grasp.

In love of Mazda, FRED.

Even Mazdaznans Are Subject To The Law of Karma

By C. Leon de Aryan

One hears many a tale of persecution of Mazdaznan followers, but when one stops to think one wonders why. Do Mazdaznans ever resort to smearing the character of an opponent? Does the Law of Karma bring back to them what they are sowing, or are the sacred cows above the law? . . . .

Here is an example of a vicious incident which is still proceeding unabated. Some who don't like my independent, stand alone and mind my own, attitude continue to picture me as a "dangerous" character to be shunned by all "orthodox" Mazdaznans. And here is the story they tell.

They warn the "faithful and loyal followers of the master" that Kosti Aryan is an "enemy" of the master and Mazdaznan because when he could not have his way he "beat up the master". The reasons for such vicious slander are plainly discernible.

Leadership is a quality that adapts itself to the ever-changing parade of progress. Only young people are able to keep up with the parade and grow up with it by perceiving new gems of Life. Those who have passed thru the change of life, as females, or are in the second childhood of impotence, as senile men, can no longer keep up with the vigorous demands of Life for progressive change. Hence they ossify and propose to stop all further evolution of the movement, even in Mazdaznan. Then the clash takes place. In order to maintain their control over the temple 'clique', or palace guard, they resort to all sorts of dirty means, among them character assassination. Then they wonder that Karma brings it back to them and "the newspapers smear them."

During May, 1928, when the Italian General Nobile undertook his famous pioneer flight by dirigible airship to the North pole, a former German Imperial Army officer, Louis H. Arens, of Leipsig, called at the Temple, 1159 So. Norton Avenue., Los Angeles, to induce his wife Helwig Arens to return to him and their 2 children, Hildegarde 10 and Richard 9. There he used threatening language against Dr. O. Z. Hanish, charging him with having broken up Arens' home by inducing his wife to "follow the Master" instead of keeping house for her family.

To avoid further argument Dr. Hanish was escorted to his car by several men of his congregation and driven away. Then he went to the prosecutor's office to get a warrant charging Arens with "assault and battery". This was not issued immediatedly because City Prosecutor John Concannon wanted to ascertain the facts by hearing the other side too and set a date for the simultaneous appearance of Arens and Hanish. The latter did not show up and the matter was dropped.

At that time I was working as a surveyor, civil engineering between Laguna Beach and San Diego. I had not been at the Los Angeles Temple ever, my first appearance was after returning from the Washington, D. C., Jail in April, 1943. I had attended public meetings in San Francisco, San Diego and at various large halls in L. A., but had not gone near the Temple since there was none till after I left Los Angeles. I had visited at the printshop on South Hill Street in the Casa Loma building where Dr. Hanish often had midnight lunches with me and the Woolson boys and where he and I had long and worthwhile talks. I used to live in the house next door.

But today some of the super-annuated females whose creative functions are arrested, resent my activity and undaunted emergence from obscurity. Arens, according to their stories, suddenly became Aryan and so they continue to frighten the unwary and ignorant by saying, "Kosti Aryan is dangerous. He beat up the master because he disagreed with master's way of teaching Mazdaznan."

Is Astrology the Bunk ?

The army and navy in the Hawaian Islands complained again that "Washington" had seismological information on tidal waves but did not warn them to protect the beach lands of Hawaii. Now if the army and navy were to receive a scientific course in astrology they could have foreseen what was coming, not only on Dec. 7, 1941, at Pearl Harbor, but also now when the tidal waves did its work of destruction. It is easy to ridicule astrology by calling it nonsense, as the Catholic Church called mideval chemistry "sorcery", but the facts speak louder than all ridicule.

Williams Kullgren, of Atascadero, California, was one of the 43 "seditionists" dragged in irons to Washington, D. C., for prognostication that FDR would "die in office", but FDR did die in office and that is for what they wanted to send Kullgren to the penitentiary.

Here is Kullgren's chart for April, 1946. Had the army and navy studied it it could have taken preventive measures. They laughed at Hitler's astrologers, but he did rise to power as long as he followed their charts.

THE LUNATION OF APRIL 1, 1946

By WILLIAM KULLGREN
Atascadero, California

This lunation is very similar to the Ingress Chart of March 21st, and much that we said regarding that chart last month applies. This chart gives us 13 degrees of Sagittarius on the ascendant, with a group of planets in the 4th house. This is very significant, and dynamic, first, because it takes place in the 4th, and second, it opposes two planets in the 10th. But that isn't all; this gives 6 planets in cardinal signs; and as we look the chart over, we find two more in Cancer, making 8 planets all told in cardinal signs; certainly this indicates action.

And so, hang onto your bonnet, we are going to have a merry ride. And the final destination of some people, after the ride, will be the graveyard; for you will note that Mars and Saturn are conjoined in the cusp of the house of death. The Grim Reaper will be very busy this month; don't forget that at least 4 planets are square or adverse to this conjunction of Mars and Saturn, making it very potent.

This grouping of planets in the 4th, with all the adverses, will be political dynamite, and indicates a terrific bombardment against the President and his administration; bureaucracy is in for a tough time; the tide of opposition will mount rapidly during this lunar period, in fact for the next 3 months.

Another significance of this combination is **the possibility of nature on a rampage;** I look for some terrific storms **during the month of April,** and when I say terrific, I mean just that, because this is no ordinary indication, involving as it does all the planets with the exception of Uranus. And Uranus is in a rather warlike position, on the cusp of the 7th. So don't say I didn't warn you. I would not advise anyone to start building during the month of April; they would run into a lot of trouble, opposition etc. Wait until June, when the planets are more friendly. **You will read of much damage, due to high tides, tidal waves and the possibility of a destructive earthquake.** And so, it is all right to do your planning in April, but no action, because it is a bad time to lay any kind of foundation, for you will plant the seed of destruction in every new effort.

Mercury, Sun and Moon are in opposition to Neptune, tending to a rather chaotic mental condition. People will go around in circles, not knowing what to do next, largely due to so many restrictions in our everyday life; but the dam is going to burst. I look for a big disillusionment to come regarding the United Nations Organization, especially as we view the position of Uranus; our foreign relationships are not at all good. Incidentally, with Neptune in the highest point on the chart, the do-gooders will still be active; watch the Henry Wallaces, with their Utopian schemes. There is little sign that the administration will change voluntarily, but now the indications are for powerful organized opposition. Altogether, we view this lunation as a very encouraging one, because it indicates very definitely that the people of the nation realize that they have got to work out their own salvation if they are ever going to be saved. We have been telling you that, ever since Roosevelt went into office, pleading with you to do something, but most of you have chosen the hard way. It has cost you more, in time and effort, than if you had put your shoulder to the wheel during the last three elections. But experience is a dear school, and the nation has chosen the expensive method. And here it is.

ALABAMA "PUNISHED" FOR "PUNISHING" FR. TERMINIELLO WHO EXPOSED PEARL HARBOR FRAUD

Anniston, Home-town of the Priest, hardest hit

ANNISTON, Ala.,—Fifteen persons suffered injuries and damage was estimated in the millions of dollars following a freak storm which lashed Anniston for 30 minutes.

None of the 15 was injured seriously and no persons were reported killed.

The storm, which showered hailstones "as large as baseballs" on the city, was centered in a 30-mile area in Calhoun county, Piedmont, Jacksonville, and Oxford, Ala., all were hit by the pelting rain and hailstones.

Anniston Hardest Hit

Anniston suffered the most damage.

The storm struck from the north and witnesses said "practically every piece of glass on the north side of buildings or homes was smashed."

The wind uprooted a number of trees, but hail caused the largest amount of damage.

Trees were stripped of leaves and limbs by the slashing hail. Roofs suffered heavy damage and signs and store windows in the downtown district were smashed.

Torrents of rain descended on the area and flooded streets with about a foot of water.

Winds Uproot Trees

The strong winds and uprooted trees literally "blacked out" the city for about three hours during the night when power and communication lines were knocked out.

An Open Letter to Chairman Reece of the G. O. P.—and An Appeal For Suport

By WASHINGTON ADAMS

WASHINGTON, April 7 (Special),— American patriots, who are enjoying a **surplus** of the New Deal's **inflation** dollars, are hereby invited to send a **donation** to this writer, in care of this paper or to my New York address, Box 708, G. O. P., New York 1, N. Y.

It will be used in a campaign of education, in sending mimeographed and photo-offset material to the Republican leaders over the nation, with the object of bringing about a REAL OPPOSITION to the New Deal Socialist despotism that has had our fair land by the throat for 13 years.

It is very possible that our country will be "finished" and completely RUINED by 1948, but patriots should, in any event, fight to the last ditch. Although I badly need this assistance, I do not want any person to divide the donation he would otherwise give to Ye Editor de Aryan, who needs all the help possible. I'm asking for a part of your **surplus**, if you have any!

The following is part of the material I want to send out:

AN OPEN LETTER TO THE REPUBLICAN NATIONAL COMMITTEE CHAIRMAN HON. B. C. REECE, M. C.

My dear Mr. Reece:

I congratulate you—and even more the Grand Old Party of Lincoln, Garfield, McKinley, Teddy Roosevelt, Borah and Taft—upon your selection as National Committee Chairman.

No member of the U. S. House of Representatives has ever had a finer record of education (in Tennessee, New York and London), of teaching in New York University, of important business and legal experience in your home State, of meeting pay rolls, and as a fighter in the A. E. F., World War I, where you won the Distinguished Service Cross, Distinguished Service Medal, Purple Heart, Croix de Guerre with palm, and in leading your battalion in battle you were cited for bravery by Marshall Petain, Generals Pershing, Edwards and Hale.

Your record in 13 Congresses (67th to 79th) has been excellent, despite the criticism by the Red reporters, who lacked the brains to appreciate your politeness, and who were as ignorant of your personal history as they were of our country's.

You correctly told them, as party chairman, it is NOT your place to make policy but to organize and elect. If they further pester you, may I suggest that you reply, **"If I believed in One Man Government. I could answer you."**

Great American newspapers have sensed what is **wrong with our party.** IT HAS FAILED TO OPPOSE THE NEW DEAL SOCIALIST DESPOTISM. As the brilliant "N. Y. Mirror" recently said, it has been "timid and hesitant". It has been unwilling to take a forthright, fighting stand FOR THE PEOPLE and against **the vicious CAMARILLA that has ruled Roosevelt and Truman BEHIND THE SCENES.**

May I suggest that you obtain a copy of the little government book, **"Platforms of the Major Political Parties"**, by your House officer, South Trimble, and send one to each National Committeeman, with "must" instructions that he read it and note that formerly EACH PARTY TOOK EXACTLY OPPOSITE POSITIONS ON EVERY ISSUE !

The New Dealers are a foreignized group of "leftwingers", Reds, Pinks, Socialists, Labor Czars, Russians, Red Negroes and Negroids.

Merely an EXPOSURE of the character of the New Deal "conspirators" and a revelation of their "fifth-column" methods will attract ENOUGH WHITE MIDDLE-CLASS OLD-LINE DEMOCRATS to our side TO WIN.

Our last three Presidential candidates were the poorest ever nominated by a major political party. Landon was the ablest of the three. Willkie—a lifelong socialist and NEVER a Republican (he was utterly ignorant of our party's history)—was weaker than Landon.

"Little Tom" Dewey was the weakest in history. He swallowed so many New Deal pellets that, like a toad-frog swallowing bird shot, he could hardly lift his feet from the socialist platform. He seemed utterly ignorant of the history of our country and of our party, for which he never said one good word.

We must utterly abandon and even publicly **condemn ALL New Deal Republicans,** such as Dewey and Stassen and Senators Morse, Smith and Austin. Their place is in the New Deal Socialist party.

A stronger House "leader" should succeed the weak Joe Martin who is almost a New Dealer. He has called but few caucuses. HE IS AN APPEASER—NOT AN OPPOSER. He has never stood up in the House and denounced the New Deal for its crimes and misdemeanors in selling our nation down the river. He has never defended House members when they were attacked by Communists.

You, Mr. Reece, should remain in the House while chairman, and help Congress Republicans write their party platform in their legislative efforts, as was done in the old days; also let **the Congressmen name their Presidential candidates,** as was once the better custom.

The Red Socialist expect through their vicious "FEPC" to DESTROY THE PRIVATE EMPLOYERS OF AMERICA: through it plant Reds in every factory. It sells the white race down the river. If we expose it, we will win by a landslide.

The New Deal is forcing SOCIAL NEGRO EQUALITY in the United States. LINCOLN, a strict SEGREGATIONIST, OPPOSED BOTH "SOCIAL AND POLITICAL EQUALITY FOR NEGROES" in America. (See his speeches on June 26, 1857, at Springfield, Ill., and on Sept. 16, 1859, at Columbus, Ohio.)

If Lincoln's speeches against "Negro equality" had been published in the South, it is doubtful if there would have been any Civil War.

How can we win as a true opposition party, if we go along with the New Deal's tyranny, waste and demagoguery?

Must we let Democrats like Congressman Hatton Sumners of Texas alone bear the burden of denouncing the bankruptcy created by the Washington mad-house?

Must we let Southern papers like the daily Hendersonville (N. C.) "Times-News" alone proclaim that the New Dealers who have stolen the old Democratic party machinery are no more Democrats than is Joe Stalin of Russia?

We must invite and we can have the real States-Rights Democrats, North and South, to join us. Let us change our name officially from "Republican" to the "AMERICAN" party, and, at long last truly uniting North and South, SWEEP THE NATION!

I shall call in to see you soon. As a lifelong independent Republican and former county chairman, I offer you my co-operation. May God bless you in your efforts to save our county from Red ruin.

Yours faithfully,
WASHINGTON ADAMS

Keitel Takes Crimes Blame

NUERNBERG,— Field Marshal Gen. Wilhelm Keitel concluded his testimony before the Nuernberg tribunal by branding himself guilty of war crimes.

The former Nazi chief of staff, his eyes filled with tears, defended the Wehrmacht by saying:

"Had the German armed forces known of the tortures and atrocities they would have fought against the Nazi regime."

Answering direct questions from Allied examiners, Keitel said:

"Yes, I carried out illegal orders in violation of international law."

Asked to explain his dishonorable violations, Keitel replied:

"Foreigners cannot understand. One must know the fuehrer and the circumstances in which I was forced to work night and day.

"I know you consider this weakness."

Keitel added: "You may regard me as guilty."

Editor's Note: Keitel is underestimating the intelligence of foreigners. In the U. S. A. the military men are as much slaves as in Germany. F. D. R. had ordered the navy to shoot on sight long before a declaration of war. He gave away army and navy supplies and destroyers in violation of U. S. as well as international law and the officers obeyed blindly. Finally Truman committed the most fiendish crime against international law by murdering defenseless people with 2 A-bombs. Hitler was a piker compared to it.

Washington Note

By WADISON MONROE

WASHINGTON, (Special),—There is much speculation here about Oetji John Rogge's grandstand smear play of jogging off to Germany to hunt for evidence against the defendants in the great phony "sedition" case. Mostly it is viewed as a last desperate move to squeeze out a bit of mud with which to bespatter the defendants before the indictments are consigned to the sewers of time. But some commentators are inclined to find a deeper significance in Rogge's trip. Remembering how close he has been to the Communist-Jewish movement in this country, they are wondering whether this pompous bungler may not be going to Germany as a special messenger of the Soviet spy system which is already known to be busy in this country as well as in Canada.

It is claimed by friends of Atty. General Clark that he would like to find some way of getting rid of Rogge gracefully because so far Rogge's activities have only been a blot on the record of the Department of Justice. To do this, however, is not so easy as it sounds. Rogge has enough goods on many of the higher-ups in the department to do some very effective plain and fancy blackmailing if they start to kick him around too roughly.

These same reflections apply also to Winchell. Nobody in Washington likes him, but there are so many crooks among the rank-and-file of these petty "me too" politicians that they don't know what Winchell may have in his smear-book if they ventured to assert a little bit of independence. It is predicted that this smear-bug is due for an early comeuppance.

But there are many signs on the good side these days. Undoubtedly there is a growing spirit of revolt in Congress against the domination of the executive department. The Daily Worker and its uptown edition, PM, went into seven kinds of fits the other day because Republicans joined with Democrats to give Rankin three hours in which to reply to his critics. Rankin is perhaps the chief congressional thorn in the flesh of the Jews and Communists. Folks are still giggling over Rankin's quick comeback when Celler protested being referred to as a "Jewish gentleman".

"What is it he objects to?" queried Rankin "Is it being called a Jew or being called a gentleman?"

Dear Sir:

Enclosed find check for $15.00 to help ease the expense of your car accident.

Yours truly—J. G.

3 MILLION BUROCRATS

"Well, Mr. Big!" my wife, Daphne, greets me at the door.

That means I have forgotten something, so I says, "There were no nylons—"

"Nylons; fiddlesticks!" Daphne sniffs.

"Yes—"

"Don't 'yes' me," Daphne storms. "Why are there so many bureaucrats? The paper says there are three times as many federal employees now as there were before the war."

"We tried to cut the payroll—"

"Make a speech about it!" Daphne gets red in the face. "Are those bureaucrats going to keep their jobs forever? Listen. 'In 1933 there were 563,487 federal employees,' the paper says, 'in 1939 it was 920-, 310; a half-year after V-J Day it was 2,941,938.' Land o' Goshen, Mr. Big, make a speech about that!"

MORE BLANK CHECKS FOR NEW DEALERS

WASHINGTON, D. C.,— A powerful Democrat majority in the House, riding rough shod over Republican opposition, recently gave the President a $5,000,000 "blank check" with which he could finance projects not authorized by Congress.

The President's special fund was granted originally during the war emergency. Republicans, however, pointed out that the "Director of the Budget did not offer any justifiable reason for continuing this emergency fund" in peace time and could not foresee any project which would require its expenditure.

POLLTAXER HEADS G.O.P.

WASHINGTON,—A polltax Republican from predominantly Democratic Tennessee, Brazilla Carroll Reece, who has devoted most of his 25 years in the House of Representatives to tending the interests of the Wall Street Morgans, took over the helm of the job-hungry Republican party on April 2.

Reece, who was backed by the isolationist forces of Sen. Robert A. Taft (R., O.), is a soft-spoken, hesitant and ultra-conservative millionaire who got his wealth by marrying the daughter of the late Sen. Guy D. Goff (R., W. Va.), a coal mine owner.

The new G.O.P. chairman's record in Congress, as representative of one of the two Tennessee districts that has been Republican since 1870, is conservative. In 1937 he opposed the housing act; he was against reciprocal trade in 1934; in 1935 he voted against the Guffey coal act supported by the United Mine Workers (AFL). Reece fought against lend-lease in 1941, opposed the wage-hour bill and was all-out for the tax bill Pres. Roosevelt vetoed as giving aid "to the greedy and not to the needy." Some of his other "anti-labor" votes include support for the Smith-Connally act, the Hobbs bill and against giving GI's overseas the curtailed ballot.
